4. PPs from countries with a decentralised control system shall ensure that controllers are selected in accordance with the system set up by the affected Partner State and that they meet the requirements of qualification and independence presented in the programme Implementation Manual. Furthermore, these PPs acknowledge that the MA reserves the right, after agreement with the national responsible institution, to require that the controller directly selected by a PP is replaced if considerations, which were unknown when the subsidy contract was signed, cast doubts on the controller's independence or professional standards.

Article 10

Changes in the approved operation

1. The list of possible project changes is defined in the subsidy contract and ruled in the Implementation Manual.
2. Budget changes of IPA II PPs can affect the overall IPA II project budget; budget changes of ERDF PPs can affect the overall ERDF project budget.

4. Changes in the partnership can take place on condition that source of funding are respected (i.e.: an IPA PP can be replaced by another IPA PP).
5. The LP is entitled to exercise the right of withdrawal if implementation of the project becomes impossible caused by circumstances independent from the LP. Such decision shall be approved by the project steering committee. In this case art. 13.6 of the subsidy contract applies.

Responsibility shall lie on the affected PP even if communication activities have been implemented by third parties.
3. The MA on behalf of the MC and of other programme promoters at national level is entitled to use the outputs of the project in order to guarantee a wide spreading of the project deliverables and outputs and to make them available to the public. All PPs agree that the outputs are forwarded by the MA or to other programme authorities as well as the Partner States taking part in the programme and that they are allowed to use this material to showcase how the subsidy is used.
4. Each PP is liable in case a third party claims compensation for damages (e.g. due to an infringement of intellectual property rights). The affected PP(s) will indemnify the LP in case the LP suffers any damage because of the content of the publicity and information material.
5. Any notice or publication related to the project made in any form and by any mean, including Internet, shall include a statement according to which it only reflects the author's view and that the programme authorities are not liable for any use that can be made of the information in it included.
6. Each eligible communication content – in accordance with paragraphs 2 and 4 above - shall comply with all ADRION publicity and branding obligations as described in the Implementation Manual.

The LP and each PP authorise the programme authorities, including national authorities and the National Contact Points - in accordance with the relevant national rules on personal data protection - to publish, in any and by any means, the following information in accordance with Annex XII of Regulation (EU) No 1303/2013:

 9. Each PP shall allow the MA the right to use the outputs and results for information and communication actions in respect of the programme. In case there are pre-existing intellectual and industrial property rights, which are made available to the project, these shall be fully respected.

Article 12

Cooperation with third parties, assignment, legal succession

1. In case of cooperation with third parties (e.g. concluding sub-contracts) each PP shall remain the sole responsible toward the LP concerning compliance with its obligations as set out in this agreement. APs cannot be involved as service providers.
2. Expenditure incurred by APs shall be finally borne by any of the PPs or by the LP in order to be considered as eligible.
3. The PPs shall not have the right to assign their rights and obligations under this agreement to other third parties, neither in part nor in whole. Only in exceptional cases and in well-founded circumstances PPs are allowed to assign their duties and rights under this agreement only after prior written consent of the programme bodies and in compliance with the procedure specified in the programme Implementation Manual.
4. In case of legal succession, e.g. when one of the PP changes its legal form, the PP is obliged to transfer all duties under this agreement to the legal successor. The PP shall notify the LP in written form within one month. The legal successor takes over all the responsibilities of the legal predecessor and is financially responsible for any amount unduly paid to it.
5. In case of assignment or any form of legal succession of any PP, the PP concerned is obliged to assign all rights and obligations and all project related documents to each and any assignee or legal successor. Related reports to the MA/JS as requested in the programme documents have to be forwarded by the LP.
6. In case art. 12.3 applies, the present agreement shall be amended accordingly.

Article 13

Liability

1. According to art. 9.1 of the subsidy contract, the LP bears the overall financial and legal responsibility for the project and for the PPs towards the MA and third parties.
2. Within the partnership, each party of this agreement shall be liable to the other parties and shall indemnify and hold harmless such other party for and against any liabilities, damages and costs resulting from the non-compliance of its duties and obligations as set forth in this agreement and its annexes or of other legal norms. Eventual repayment of undue funds by the PPs to the LP, for which the LP is liable towards the MA is ruled in art. 15 of the present agreement.

3. The LP shall assume sole liability towards third parties, including liability for damage or injury of any kind sustained by them while the project is being carried out as stipulated in art. 9 of the subsidy contract. The LP is entitled to subrogate against the PP that caused the damage. The PP causing damage shall be liable to the LP therefore.
4. The LP and PPs accept that the MA cannot be under any circumstances or for any reason whatsoever held liable for damage or injury sustained by the staff or property of the LP or any PP while the project is being carried out. No claims can be accepted by the MA for compensation or increases in payment in connection with such damage or injury.
5. No party shall be held liable for not complying with obligations ensuing from this agreement in case of force majeure as described in art. 25 of this agreement.

Article 14

In case of State aid granted according to *de minimis*, all related files, documents and data must be kept and be available for a period of 10 fiscal years from the date on which the aid was granted. The files, documents and data should be kept either in original or as certified copies on commonly used data media safely and orderly; other possible longer statutory retention period – as might be stated by national law – shall remain unaffected;
 - b) Enable the responsible auditing bodies of the European Union - the European Commission, the European Anti-Fraud Office (OLAF), the European Court of Auditors (ECA) - and of the Partner State concerned, as well as the Audit Authority, MA/JS and the Certifying Authority to audit the proper use of funds; the responsible auditing bodies can arrange that audits are carried out by authorized persons. The LP and PPs shall be notified in due time about any audit to be carried out.
 - c) Give the above mentioned authorities any information they request about the project;
 - d) Give them access to the accounting books and accounting documents and other documentation related to the project, whereby the auditing bodies decide on this relation;
 - e) Give them access to business premises during the ordinary business hours and also beyond these hours by arrangement and allow them to carry out checks related to the project;
 - f) Provide the LP with any information needed related to such an audit with no delay.
2. The provisions set for audits of the previous paragraphs remain applicable to the withdrawn PP which shall bear financial responsibility for the implemented activities, including the responsibility for repayment of the amount unduly paid in line with art. 15 of this agreement.
3. If, as a result of the controls and audits any expenditure is considered non eligible according to the regulatory framework as in art. 1 of the subsidy contract, the procedure described in art. 15 of this agreement shall apply.

Article 15

Irregularities, repayment and recovery of the EU funds

1. If the MA/JS – based on the provisions of the Subsidy Contract – requests the repayment of the contribution from the EU Funds (ERDF; IPA II, or both) already transferred to the LP, due to irregularity or withdrawal from the Subsidy Contract, every PP is obliged to transfer its portion of undue paid out amount to the LP in compliance with art. 27(2) of Regulation (EU) No 1299/2013. The LP shall ask in writing the PP(s) concerned to repay the EU Funds unduly paid. When possible, the repayment amount will be offset against the next payment of the MA to the LP or, where applicable, remaining payments can be suspended.
2. In case repayment is deemed as necessary, this repayment is due within one month following the date of the letter by which the MA asserts the repayment claim to the LP. The LP shall be entitled to set an internal deadline to the concerned PPs in order to meet the MA requests. The amount repayable shall be subject to interest according to art. 13.3 of the subsidy contract. Further provisions of the subsidy contract shall apply by analogy.
3. In case the PP does not repay the LP the irregular amounts by the set deadline, the LP informs the MA without delay in written form and within the deadline for repayment. In duly justified cases, the MA informs the Partner State, on whose territory the PP concerned is located in order to recover the unduly paid amounts from this Partner State.
4. After the reimbursement made by the Partner State concerned, it holds the right to secure repayment from the PP located on its territory, if necessary through legal action. For this purpose, the MA/JS and the LP shall assign their rights arising from the Subsidy Contract and the present agreement to the Partner State in question.
5. In case no PP can be held responsible for the request for repayment, the amount to be repaid shall be apportioned between all PPs pro rata to their project budget share.
6. Bank charges incurred by the repayment of amounts due to the MA via the LP shall be borne entirely by the concerned PP(s).
7. In case the PP affected by undue payment has also received national contribution to the project part, the corresponding national contribution shall be repaid to the responsible national body.

Decommitment of project budget

1. In accordance with art. 14 of the subsidy contract, the MA is entitled to reduce the project budget and the corresponding contribution from the EU funds in case decommitment at programme level applies.
2. If decommitment of funds applies, the PPs agree that the deduction of funds shall be imputed to those PPs which have contributed to the decommitment of funds unless differently decided by the MC. Deduction of funds shall be done in a way not to jeopardize the future involvement of those PPs in the project and their implementation of activities.

Advance payment shall be paid by the MA to the LP which shall transfer to the affected PPs without delay and in full in accordance with art. 8.14.
